**Re: WC Docket No. 14-58  
2015 ETC Annual Report of Golden West – Kadoka Telephone Company  
Study Area Code 391667**

Dear Ms. Dortch:

On behalf of Golden West – Kadoka Telephone Company (“Kadoka”), JSI files the attached confidential and redacted versions of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission’s rules.<sup>1</sup> Kadoka seeks confidential treatment under Protective Order for section 54.313(f)(2) financial information.<sup>2</sup> The redacted version is also being filed this date via the FCC’s Electronic Comment Filing System. In addition, attached is a letter requesting confidential treatment under Sections 0.457 and 0.459 of its Progress Report on its Five-Year Service Quality Improvement Plan as required by Section 54.313(a)(1).<sup>3</sup>

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall  
JSI Vice President

**Re: WC Docket No. 14-58  
2015 ETC Annual Report of Golden West – Kadoka Telephone Company  
Study Area Code 391667  
Request for Confidentiality**

Dear Ms. Dortch:

John Staurulakis, Inc. (“JSI”), on behalf of its client Golden West – Kadoka Telephone Company (“Company”) hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission’s rules,<sup>1</sup> withholding from public inspection certain information contained in an attachment to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).<sup>2</sup>

1. The information for which the Company is seeking confidential treatment is an attachment to the Company’s annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission’s rules (“Report”).<sup>3</sup>
2. Pursuant to Section 54.313(a)(1), Rate-of-Return Eligible Telecommunications Carriers (“ETCs”) must file with the Commission a Progress Report on its Five-Year Service Quality Improvement Plan (“Progress Report”) which is contained in the attachment to the 2015 Report.<sup>4</sup>
3. The information contained in attachment for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company’s Five-Year Plan provided at FCC Form 481 Line 112 attachment. Information of this nature is confidential commercial information routinely withheld from public inspection.

---

<sup>1</sup> 47 C.F.R. §§ 0.457, 0.459.

<sup>2</sup> 47 C.F.R. § 0.459(b)(1) through (9).

<sup>3</sup> 47 C.F.R. §§ 54.313, 54.422.

<sup>4</sup> 47 C.F.R. §§ 54.313(a)(1).

Echelon Building II, Suite 200  
9430 Research Blvd., Austin, TX 78759  
phone: 512-338-0473, fax: 512-346-0822

Eagandale Corporate Center, Suite 310  
1380 Corporate Center Curve, Eagan, MN 55121  
phone: 651-452-2660, fax: 651-452-1909

6849 Peachtree Dunwoody Road  
Bldg. B-3, Suite 200, Atlanta, GA 30328

Bountiful, UT 84010  
phone: 801-294-4576, fax: 801-294-5124

4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network.

In its *March 5, 2013 Order*, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories."<sup>5</sup> The Company's Progress Report updates this information as well as provides maps and detailed information as to whether or not network improvement objectives were achieved at the wire center level. Accordingly, because the Company is a rate-of-return carrier, it must file Progress Reports which contain proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

5. With respect to identifying possible exposure to competitive harm, the information contained in the Line 112 attachment is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.

---

<sup>5</sup> See *Connect America Fund et al.*, WC Docket 10-90 *et al.*, Order, DA 13-332 (rel. Mar. 5, 2013) ("*March 5, 2013 Order*") at para 9 citing Section 54.202(a) (1) (ii).

6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachment, the Company is filing the attachment under seal. The Company uses the information contained in the Five-Year Plan to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.
7. Any previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. Not applicable.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Five-Year Plan provided at FCC Form 481 Line 112 attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

John Kuykendall  
JSI Vice President

Certification of Service Quality Standards & Consumer

Protection Rules Compliance for Voice and Broadband Services

Golden West Telecommunications Cooperative, Inc. (hereinafter "the Company") hereby certifies that it is complying with applicable service quality standards and consumer protection rules.

This document details the processes and procedures that the Company follows to ensure compliance with service quality standards and consumer protection rules as laid out in FCC Form 481 Instructions.

The Company provides voice grade access to the public switched telephone network (PSTN) at a flat rate, thereby enabling access to emergency services provided by local government or other public safety organizations such as 911.

For service quality standards that are affected by plant issues, the Company engineers and installs its plant and other facilities in such a way as to ensure, to the greatest extent possible, safe, adequate, and continuous service at all times.

In addition, employees are periodically trained on service quality standards and consumer protection issues. In particular, if any set of issues appear to be prevalent, employees are given briefings on how to handle such issues, beyond the normal guidelines in place for resolution of customer complaints. A recent example is the call completion problems that have arisen and the customer calls that are generated as a result. Although this is not a service quality problem caused by the Company, it does affect customers of the Company and, therefore, deserves the attention of the Company employees.

The Company also periodically reviews its operating procedures to be sure that those operating procedures are in compliance with service quality standards and that the operating procedures are not in violation of consumer protection rules. Internally a compliance officer ensures annual employee training and dictates disciplinary processes for improper use of consumer information. If concerns arise that cannot be handled by the compliance officer, legal counsel is sought to assist with a resolution.

If complaints are filed with the Company related to service quality standards or consumer protection rules, the complaint is immediately investigated, the matter tracked and any corrective action noted. This process ensures that problems are addressed and corrections made.

The Company advertises the availability of its services and the charges using media of general distribution and on its website.

The Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C 47 C.F.R. Part 8 §8.3.

The Company maintains six business offices throughout its service area providing customers with access to a customer service representative either in person or via a local telephone number or toll-free telephone number during normal business hours. Customers also have access to the repair service and internet help desk twenty-four hours a day, seven days a week by calling a toll-free number, or by calling one of the business office numbers, which forward to these services after hours.

Certification of Functionality in Emergency Situation

Golden West Telecommunications Cooperative, Inc. (hereinafter "The Company") hereby certifies that it is able to function in emergency situations as set forth in §54.202(a)(2).<sup>1</sup> The Company's critical network infrastructure is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can take reasonable steps to reroute traffic around damaged facilities and manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available and the facility can be safely accessed, or until reasonable system changes are made to reroute traffic.

The capacity of the Company to function in emergency situations encompasses both voice and broadband.

---

<sup>1</sup> Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

### **Lifeline Terms and Conditions**

Golden West Telecommunications Cooperative, Inc. offers Lifeline program-supported service to qualified low-income residential consumers for one telephone line per eligible household. The Lifeline program provides discounts to eligible low-income consumers to help them establish and maintain telephone service. Lifeline assistance lowers the cost of basic, monthly local telephone service. Eligible consumers can receive \$9.25 per month in discounts. In addition, the Federal Universal Service Charge is not assessed to consumers participating in Lifeline. Toll Blocking prevents the placement of all long distance calls for which a subscriber would be charged. Toll blocking is available to eligible consumers at no cost.

### **Lifeline Program Eligibility Information**

#### **Program Based Eligibility**

Consumers are eligible for Lifeline if they, one of their dependents or their household participate in one of the following qualifying assistance programs:

Low-Income Home Energy Assistance Program (LIHEAP)  
 Federal Public Housing Assistance (Section 8)  
 Supplemental Nutrition Assistance Program (SNAP)  
 Medicaid  
 National School Lunch Program's Free Lunch Program  
 Supplemental Security Income (SSI)  
 Temporary Assistance for Needy Families (TANF)

Lifeline applicants must present documentation demonstrating eligibility either through participation in one of the qualifying federal assistance programs or through income-based means.

Acceptable documentation of program-based eligibility includes: current or prior year's statement of benefits from a qualifying state, federal or Tribal program; notice letter of participation in a qualifying state, federal or Tribal program; program participation documents; or another official document evidencing the consumer's participation in a qualifying state, federal or Tribal program.

#### **Income Based Eligibility**

In addition, consumers are eligible for Lifeline if their household income is at or below 135% of the federal poverty guidelines.

2015 Federal Poverty Guidelines – 135%

Household Size	48 Contiguous States and D.C.	Alaska	Hawaii
1	\$15,889	\$19,872	\$18,292
2	\$21,505	\$26,892	\$24,745
3	\$27,121	\$33,912	\$31,198
4	\$32,737	\$40,932	\$37,651
5	\$38,353	\$47,952	\$44,104
6	\$43,969	\$54,972	\$50,557
7	\$49,585	\$61,992	\$57,010
8	\$55,201	\$69,012	\$63,463
For each additional person, add	\$5,616	\$7,020	\$6,453

Acceptable documentation of income eligibility includes: prior year's state, federal or Tribal tax return; current income statement from an employer or paycheck stub; social security statement of benefits; Veterans Administration statement of benefits; retirement/pension statement of benefits; unemployment/workmen's compensation statement of benefits; federal or Tribal notice of letter participating in General Assistance; or a divorce decree or child support award or other official document containing income information.

### **Tribal Eligibility**

A subscriber who lives on Tribal lands and is an eligible resident of Tribal lands is eligible for Tribal Lifeline service or Tribal Link Up if the subscriber, one or more of the subscriber's dependents, or the subscriber's household participates in any of the above-listed qualifying assistance programs or one of the following Tribal-specific federal assistance programs: Bureau of Indian Affairs General Assistance; Tribally Administered Temporary Assistance for Needy Families; Head Start (if income eligibility criteria are met); or the Food Distribution Program on Indian Reservations (FDPIR). Tribal subscribers may also qualify if the household income is at or below 135% of the Federal Poverty Guidelines. Subscribers eligible for Tribal Lifeline may receive their basic monthly telephone service at no charge.

### **Numbers of Minutes-of-Use Provided as Part of Lifeline Program Service**

Golden West Telecommunications Cooperative, Inc.'s Voice Lifeline service includes unlimited local minutes-of-use within the toll-free calling area. Golden West Telecommunications Cooperative, Inc.'s Voice Lifeline Plan does not include any free minutes-of-use for toll. Toll is billed at the standard toll rate depending on which interexchange carrier the consumer subscribes to for toll service. As part of the Lifeline service, toll blocking is available to eligible consumers at no cost.

### **Rates**

Subscribers may receive the Lifeline credit on any type or grade of local service, including bundled services that are normally offered by Golden West Telecommunications Cooperative, Inc. Advertised rates do not include any applicable taxes or surcharges.

### **Recertification of Lifeline Eligibility**

Lifeline recipients are required to recertify their eligibility annually. Failure to properly recertify a recipient's continued eligibility for the Lifeline program will result in termination of the Lifeline recipient's monthly Lifeline discount and de-enrollment from the Lifeline Program.

### **Additional Lifeline Program Information**

The Lifeline program is limited to one benefit per household, consisting of either wireline or wireless service. A household is defined, for purposes of the Lifeline program, as an individual or group of individuals who live together at the same address and share income and expenses. Lifeline is a government benefit program, and consumers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be barred from the program.

**Golden West Telecommunications - Kadoka (SAC 391667)**

**Response to Line 3010 – Milestone Certification (47 CFR §54.313(f)(1)(i))**

Golden West Telecommunications – Kadoka, study area 391667, hereby certifies that throughout 2014, it took reasonable steps to provide upon reasonable request broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream, and currently, it is taking reasonable steps to provide upon reasonable request actual speeds of at least 10 Mbps downstream/1 Mbps upstream broadband service at with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to comparable offerings in urban areas as determined in an annual survey, and that requests for such service are met within a reasonable amount of time.

**Golden West Telecommunications – Kadoka (Study Area 391667)**

**Response to Line 3012 - List of Community Anchor Institutions to Which the ETC Newly  
Began Providing Service**

The FCC's *USF/ICC Transformation Order* requires a listing of community anchor institutions to which the ETC newly began providing broadband service. Golden West Telecommunications Cooperative, Inc., study area 391667, did not newly begin providing community anchor institutions with access to broadband service in calendar year 2014.
